PROFILE

Motivated Computer Science postgraduate student at Gujarat University with a strong foundation in DSA, Python, and web development using Django. Skilled in programming languages like C, C++, Java, HTML, and CSS, with a keen interest in machine learning, cybersecurity, and software development. Experienced in creating innovative projects, including a Django-based web application, and passionate about solving complex problems. Actively seeking opportunities to explore emerging technologies and contribute to impactful IT solutions.

PROJECT

Created various web development projects demonstrating front-end and back-end skills.

Designed a college website using HTML, CSS, and JavaScript.

Developed a travel website to showcase destinations.

Built a university web portal for information sharing.

Implemented a Tic Tac Toe game using JavaScript.
